## A Mail Carrier's Load

Seems heavier when he has a weak back  
and kidney trouble. Fred Duehren, mail  
carrier at Aitchison, Kas., says: I have been  
bothered with kidney and bladder trouble  
and had a severe pain across my back.  
Whenever I carried a heavy load of mail,  
my kidney trouble increased. Some time  
ago I started taking Foley Kidney Pills  
and since taking them I have gotten en-  
tirely rid of all my kidney trouble and am  
as sound now as ever." F. D. Pierce.

How to Cure  
GAPES

Kill the gape worm which sucks  
the life blood from the throats of  
little chicks and tends to strangle  
them by using Conkey's Gape  
Cure. Kills worms. Makes chicks  
healthy. In powdered form, it is mixed  
with soft feed. You do not have to  
handle the birds.

**CONKEY'S GAPE CURE**  
works where fumes, smoke, extractors  
and horse hairs fail. It reaches the worm  
through the fowl's blood—the only sure  
way. Use it if your fowls show any sym-  
ptoms of gapes. Prevents as well as cures.  
A life-saver. This means dollars to you.

**CONKEY'S CHOLERA CURE**

A fowl will die of cholera  
quickly, and the dread dis-  
ease will spread with great  
rapidity to the rest of the  
flock. High fever causes  
burning thirst and loss  
of appetite. CONKEY'S  
CHOLERA CURE is the  
Only Remedy Given  
in the Drinking Water

It is tasteless and wonder-  
fully cooling to the in-  
flamed membranes. Re-  
duces fever and kills germs.  
For cholera, indigestion,  
bowel trouble, dysentery,  
constipation, etc., it has no  
equal. Cures old or young  
birds. One six pte. makes  
gallons of medicine. Try it.

Colds and Canker in domestic fowls. 25 and 50c
